The first death could have been an accident. When Mavis Ambrose is killed by a falling chunk of concrete, the police have no reason to suspect mischief. However, the bludgeoning of the young and gorgeous Amber Marshalsen that follows is clearly murder. In the midst of the hottest summer on record, Inspector Wexford is called in to investigate. He discovers the two cases may be linked, and that Amber was at the scene of Mavis's death. When a third body is found, the case takes a disturbing and unexpected turn. The deeper Wexford digs, the darker the realities become, and what he finds leaves him feeling lost in a world absent of morals.
