Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications

Michael Doumpos, Evangelos Grigoroudis

Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications Michael Doumpos, Evangelos Grigoroudis

Presents recent advances in both models and systems for intelligent decision making.

Organisations often face complex decisions requiring the assessment of large amounts of data. In recent years Multicriteria Decision Aid (MCDA) and Artificial Intelligence (AI) techniques have been applied with considerable success to support decision making in a wide range of complex real-world problems.

The integration of MCDA and AI provides new capabilities relating to the structuring of complex decision problems in static and distributed environments. These include the handling of massive data sets, the modelling of ill-structured information, the construction of advanced decision models, and the development of efficient computational optimization algorithms for problem solving. This book covers a rich set of topics, including intelligent decision support technologies, data mining models for decision making, evidential reasoning, evolutionary multiobjective optimization, fuzzy modelling, as well as applications in management and engineering.

Multicriteria Decision Aid and Artificial Intelligence:

- Covers all of the recent advances in intelligent decision making.
- Includes a presentation of hybrid models and algorithms for preference modelling and optimisation problems.
- Provides illustrations of new intelligent technologies and architectures for decision making in static and distributed environments.
- Explores the general topics on preference modelling and learning, along with the coverage of the main techniques and methodologies and applications.
- Is written by experts in the field.

This book provides an excellent reference tool for the increasing number of researchers and practitioners interested in the integration of MCDA and AI for the development of effective hybrid decision support methodologies and systems. Academics and post-graduate students in the fields of operational research, artificial intelligence and management science or decision analysis will also find this book beneficial.

From reader reviews:

Henrietta Roderick:

The book with title Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications possesses a lot of information that you can find out it. You can get a lot of profit after read this book. This book exist new expertise the information that exist in this publication represented the condition of the world at this point. That is important to yo7u to find out how the improvement of the world. This book will bring you within new era of the glowbal growth. You can read the e-book with your smart phone, so you can read this anywhere you want.

James Stumbaugh:

This Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications is great publication for you because the content that is certainly full of information for you who also always deal with world and also have to make decision every minute. This specific book reveal it data accurately using great coordinate word or we can claim no rambling sentences inside it. So if you are read the item hurriedly you can have whole data in it. Doesn't mean it only gives you straight forward sentences but tricky core information with wonderful delivering sentences. Having Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications in your hand like keeping the world in your arm, information in it is not ridiculous a single. We can say that no book that offer you world throughout ten or fifteen moment right but this reserve already do that. So , this can be good reading book. Hey Mr. and Mrs. busy do you still doubt that will?

Lori Whitten:

Many people spending their time frame by playing outside with friends, fun activity together with family or just watching TV the whole day. You can have new activity to enjoy your whole day by examining a book. Ugh, think reading a book will surely hard because you have to accept the book everywhere? It all right you can have the e-book, having everywhere you want in your Smartphone. Like Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications which is getting the e-book version. So , why not try out this book? Let's see.

Christine Cote:

What is your hobby? Have you heard this question when you got college students? We believe that that question was given by teacher on their students. Many kinds of hobby, Every person has different hobby. And you also know that little person like reading or as reading through become their hobby. You need to understand that reading is very important in addition to book as to be the matter. Book is important thing to increase you knowledge, except your current teacher or lecturer. You will find good news or update about something by book. A substantial number of sorts of books that can you go onto be your object. One of them is this Multicriteria Decision Aid and Artificial Intelligence: Links, Theory and Applications.
