The Trouser People: Burma in the Shadows of the Empire Andrew Marshall

This new edition of Andrew Marshall's classic book on Burma includes a gripping eyewitness account of the Saffron Revolution, the 2007 democratic uprising led by Buddhist monks.

Inspired by the diaries of a forgotten Victorian adventurer called Sir George Scott, Andrew Marshall set out to discover the real Burma - an impoverished nation then ruled by a repressive regime. Scott was a die-hard imperialist who hacked, bullied and charmed his way through uncharted jungles to help establish British colonial rule. Braving government spies and the after-effects of some powerful local hooch, Marshall retraces Scott's intrepid footsteps into Burma's remote tribal heartlands to encounter the bewitching 'giraffe women' and the former headhunters of the Wild Wa. His journey is an offbeat exploration of Britain's lost heritage and a powerful exposé of Burma's modern tragedy.
