**Ginecología en la infancia y en la adolescencia (Spanish Edition)** S. Jean Emans, Marc R. Laufer, Donald P. Goldstein

La obra de referencia clínica número uno en ginecología pediátrica y de la adolescente alcanza su quinta edición. Escrita por expertos de The Children Hospital de Boston y otros centros médicos pioneros, este manual presenta los abordajes contemporáneos para el diagnóstico y tratamiento médico y quirúrgico de los problemas ginecológicos en recién nacidas, niñas y adolescentes.

La nueva edición presenta información de vanguardia sobre urología y medicina alternativa y complementaria, así como una mayor cobertura de las técnicas quirúrgicas para corregir las alteraciones estructurales del aparato reproductor femenino. El texto lo completan más de 400 ilustraciones, además de ocho láminas a todo color. También se incluyen excelentes algoritmos y tablas y numerosos casos de ejemplo.
