InCopy is a powerful writing and editing software tool with comprehensive typographic controls and advanced text editing functionality. When integrated with InDesign, managed InCopy / InDesign workflows can deliver significant efficiency gains in editing and correction cycles, facilitating faster turnaround times and reduced production cycles. In this book, Robert Shufflebotham focuses on how to manage the InCopy / InDesign integration to bring speed, accuracy and control to the editing correction and revision stages of publishing workflows to achieve more efficient and more productive publishing cycles. This book does not attempt to cover the basic wordprocessing functionality available in InCopy.
