The Hidden Side of Things - Vols. I & II Charles Webster Leadbeater

Charles Webster Leadbeater was inducted into the Theosophical Society in London on November 21, 1883. A year later he left for India with Madame H. P. Blavatsky, where he underwent training in several spiritual disciplines, including Kundalini Yoga, which purports to both vivify the chakras and open the third eye. The revelations he received were channeled into over a score of books, all designed to make spiritual teachings more easily understood by the general public. 'The Hidden Side of Things' is among the best of these works, describing the array of energies that an individual both emanates, and also receives from a vast range of sources. Filled with astounding detail, this book will change the way you look at the world. It is essential reading for students of the Occult and, indeed, for anyone wishing to understand humanity's place in the spiritual realms.
