Many of the practice questions are taken from previous exams, and care was taken to ensure that they cover all the information candidates need to master in order to pass the Uniform CPA Examination.

Featuring a unique modular structure, these CPA study guides review materials and combine over 230 AICPA content specifications into a series of forty-four related modules. By combining and relating topics, the books help build knowledge in a logical, self-reinforcing way, so as to foster a level of understanding beyond that achieved through rote memorization.
