The Riddle of Life: A Theatre Play Stephan Attia

The Riddle of Life is a romantic theater play filled with riddles, rhymes, poetry, and humor. Besides the sense of witticism and the trifle whiff of narcissism which magnify the spectator's amusement, the play conveys the message of true love through harmony with nature and with society. The riddle of life is displayed with the light abstract emotions of peace and love. Moreover, the principle and message of Carpe Diem is manifested through the entire play and its characters. The reality of the play is situated somewhere between medieval and fiction. Moreover, in this play moral virtue gratifies the spectator's mind and heart through the spirit of brotherhood and love. However, the chief message of this theater play is that everything happens for a reason and that there is a meaning in life.
