The Death of the West: How Dying Populations and Immigrant Invasions Imperil Our Country and Civilization Patrick J. Buchanan

The national bestseller that shocked the nation--*The Death of the West* is an unflinching look at the increasing decline in Western culture and power.

The West is dying. Collapsing birth rates in Europe and the U. S., coupled with population explosions in Africa, Asia and Latin America are set to cause cataclysmic shifts in world power, as unchecked immigration swamps and polarizes every Western society and nation.

The Death of the West details how a civilization, culture, and moral order are passing away and foresees a new world order that has terrifying implications for our freedom, our faith, and the preeminence of American democracy.

The Death of the West is a timely, provocative study that asks the question that quietly troubles millions: Is the America we grew up in gone forever?
