~~~~~

When doctor Elliott Drake emerges from a cave after a time travel of fifty years into the future, the world as he knew it is gone. Post-apocalyptic cities are now overgrown jungles, and what's left of civilization has been repressed by crystal-wearing immortal beings. But even more unsettling: sexy, strong Elliott has acquired an extraordinary ability--the paranormal, superhuman power to heal.

But even that psychic gift, in a world that lacks the technology and infrastructure of his past, is a two-edged sword for Elliott.

Strong-willed Jade Kapiza, who'd been imprisoned by the immortal beings, has been in hiding for years. But now she's determined to help the human race fight back against the control of her captors. She can trust no one...but when sexy, kind Elliott comes into her life, he pushes at her defenses and begins to tear down the walls she's built so carefully.

Yet the mysterious doctor seems to have secrets of his own. Can Jade trust Elliott with her heart, even as they risk their lives to save a band of innocents?

And can Elliott find a new place for himself--a home, a love--in this new, ravaged world?
