"An excellent guide for both novice and experienced underwater photographers." *Amateur Photographer* magazine, UK

Diving is a popular hobby that attracts more enthusiasts every year, and many divers are keen to record the wonders they see underwater.

In this beautifully illustrated, practical guide, underwater photography gurus Larry and Denise Tackett draw on their years of experience and learning to share everything the snorkeller and diver needs to know to capture the beautiful diversity of life beneath the sea. **Underwater** includes essential advice on choosing the right equipment, and in straightforward language discusses lighting, creative composition, making the most of a subject and macrophotography, showing how the basic principles of photography change when shooting underwater.

Underwater includes practical exercises, reassuring advice, illuminating anecdote, and, of course, awe-inspiring photographs. Welcomed and acclaimed by both the photography and diving press, this book is perfect for those new to underwater photography, it also offers both inspiration and up-to-date new techniques for the more advanced.
