We had an incredible vacation... one that we'll all be talking about for a long time. I'm not sure what to answer when people ask me what I thought the highlight was. The scenery was unbelievable. I loved the wildlife, of course. We saw bear, moose, mountain goats, Dall sheep, red fox, caribou, snowshoe hares, whales, Dall porpoises (which I thought were small Orcas for awhile), Stellar sea lions and bald eagles. The Hubbard Glacier was a special treat, too. The beautiful blue and white ice fields breaking off into the sea; our traversing the ice fields in the ship to get up close to it; hearing the thunder roar when it calved 10-story tall chunks of ice; and watching the spray fly into the air. The train trip through Dead Horse Gulch to the top of White Pass in the Klondike region of Canada out of Skagway on the train was another highlight. The whale-watching trip was another fun thing. We must have seen at least a dozen humpback whales surfacing among the bubbling fields of herring (which were feeding on crill). About three of them showed us their flukes (tails).
