Everglades (Our Wild World) Wayne Lynch

This is our fourth title in our highly-praised Our Wild World: Ecosystems series. Once again, author/photographer Wayne Lynch takes readers on a personal journey through a treasured North American ecosystem. Amazing photography, first-person anecdotes, and tons of factual information on the animals, plants, climate and landscape come together to give a complete picture of the ecosystem in action. Subjects cover the wide diversity of living things in this habitat from strangler fig trees and bromeliad plants to armadillos and dozens of water birds. And of course gators! These gorgeous books are a feast for both the eyes and mind.
